## PREPARING FOR WINTER STORMS

The Office of Emergency Management suggests that individuals take the following steps to prepare for severe winter weather.

- **FOOD:** Use canned foods for easy storage and long shelf life. Choose ready-to-eat canned meat, fruits, and vegetables. Keep food fresh by checking dates and replacing it every year.
- **WATER:** Store a three day supply of water for each family member. One gallon per person per day is recommended for drinking, cooking, and washing. Remember to include water for your pets. Write the date on the water containers and replace them every six months.
- **OTHER ITEMS:** First aid kit, blankets, battery-powered clock and radio, extra candles, flashlights, extra batteries, matches, money (coins), fire extinguisher, trash bags, medication, cook stove with fuel, to list a few.

For a complete sheet of instructions and additional information, please go to the Emergency Management site on the City of Beaverton's webpage located at [www.ci.beaverton.or.us](http://www.ci.beaverton.or.us).
